WISH HOUSE NEWS #10

Greetings!

WISH HOUSE is the group, sponsored by Japanese, for caring children who have problems, which were dropped out the school, labored and have no chance to study because of poverty. Here will be the shelter of the children who have problems and try to protect them temporarily from their problems.

I . Variety of the classes

On our class, we try the variety of classes for experience. We do reading, writing and calculating in regular. In addition, drawing, sewing, knitting, cooking, dancing, exercising, singing, making the crafts, playing outside, and so on. The children enjoyed so much. We do "Diary" everyday. It makes their ability develop on memorizing and presentation. Children's ability improved a little by little. We serve lunch every day.

II . Support the children from damage of the flood

On end of September, the huge typhoon hit Subic and some part of the town was flooded. The area and the houses of some kids were damaged. We supported them to bring the clothes, the sheets and the rice, etc with Japanese visitors. Especially at Naugsol, the bridge to the kid's house was destroyed and they were isolated. We supported the foods for them. There is still the bridge were not there. I hope they will be recovery as soon as possible.

III. Japanese visitors visited our city

On August and September, we had 30 Japanese visitors. They spent time with the children and experienced the Philippine life-style. They enjoyed very much. The visitors visited many places in Subic, Mangan-vaca, Matain, Naugsol, Calapandayan, Calapacuan, Cawag, and so on. They were appreciate with people who welcome to them.

IV. Shelter for the kids

After the desaster of flood on September, we were taking care of the kids who had damaged their house. They slept at WISH HOUSE as a shelter.

V. Petition to the Mayor

1. **Information:** If there are the children who cannot go to school because of poverty in Subic, we are pleased to know and care them on our institution. *We would like you to inform us the children. We will do our activities under your regulations.*

We appreciate with all your cooperation and understandings of our project!!
