WISH HOUSE NEWS #2

Greetings!

WISH HOUSE is the group, sponsored by Japanese, for caring children who have problems which were dropped out the school, labored and have no chance to study because of poverty. Here will be the shelter of the children who have problems and try to protect them temporarily from their problems.

I . Institution building

On March 2012, we finished building the second floor of our institution in Purok 4, Mangan-vaca. On fist floor, we will continue the school for the children who cannot go to school, and on the second floor, we plan Training Center for the residents and the parents above 16 years old. At this moment, we have two sewing machines and one typewriter. We will also inform to Japan to advise us to improve our projects. In the future, through this WISH HOUSE Training Center the youth and the residents will have more choice of their jobs.

II . Children's shelter

We put double-deck bed on the second floor and if there are the children who need special care especially for mentally problems, for example because of child abuse, we would prepare for those cases. We will work at those cases with the community all the time.

III. Graduation Ceremony

We held Graduation Ceremony on March 28, 2012 at WISH HOUSE. There were 24 pupils attended the ceremony and had got the certification from Purok leader.

IV. Activities

Calligraphy, play, painting the second floor, etc., with the Japanese visitors. We had 24 visitors on last March.

V. Petition to the Mayor

1. **Information:** If there are the children who cannot go to school because of poverty in Subic, we are pleased to know and care them on our institution. *We would like you to inform us the children. We will do our activities under your regulations.*

We appreciate with all your cooperation and understandings of our project!!
